Team decisions and ambiguity

How to get past uncertainty.

Team BirdFeedr

Introduction to rest of presentation

- Lingering decisions affected team morale
- Ambiguous
- Became a roadblock

GIT decision

Issues that lead to ambiguity:

how we decided

created a protocol

Final project decision

Issues that lead to ambiguity:

how we made our decision

surveyed our audience and talked to stakeholders.

Process model decision

Issues that lead to ambiguity:

- In middle of project, we doubted our own process model
- Spent 2 weeks trying to come up with it

how we decided on it.

- Ditched formal definition for instincts
- Our workflow followed a model

What we recommend

Thanks for listening
